Check-In and Measuring

DO NOT send cards or copies of cards.

All competitors must check in their first day of competition. All dogs must be measured prior to being checked in unless the dog jumps 26" (22"P), the handler presents a permanent card, a temporary card with 3 signatures awaiting a CMJ or check-in letter issued by USDAA / print out from subscriber account indicating the dog is permanently carded.

If a dog measures up, it must jump the higher height and will be placed first in that jump height. The dog may NOT be moved to performance at check-in if it is measured up.

Check-in and measuring can begin as early as 7:00 a.m. Saturday and Sunday mornings. Check your confirmation for actual check-in and walk through times. Dogs and handlers who have checked in on Saturday do not need to check in on Sunday. Walk-throughs and briefings may begin as early as 7:30 a.m. each day.

Any dog and handler not present when their number is called will be ineligible to run, unless prior arrangements are made with the gate steward.

Class Descriptions

Two certification programs will be offered at this event – Championship & Performance. Competitors may enter both Championship and Performance Program classes for which they are eligible; however, under NO circumstance may a dog be entered in the same Championship and Performance class at this agility test (i.e. standard at any level in both programs). Classes include standard agility, gamblers, jumpers, pairs relay and snooker agility as set forth in Chapters 3 – 7 of USDAA Rules and Regulations, each of which are conducted at three competitive levels.

Championship Program Classes

The Starters Standard classes shall be for dogs that have not earned the **Agility Dog®** title or Starters Standard title. Starters Non-standard classes shall be for dogs that have not earned a title in the class being entered (Starters Gamblers, Starters Jumpers, Starters Relay-3 different partners required-or Starters Snooker) or a qualifying score in the equivalent non-standard class at the Advanced or Masters level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the **Agility Dog®** title.

The Advanced Standard classes shall be for dogs that have earned the **Agility Dog®** title or that have earned a Starters Standard title. Advanced non-standard classes shall be for dogs that have earned the **Agility Dog®** title or that have earned a title in the equivalent non-standard class at the Starters level, but have not earned the equivalent Advanced non-standard title or a qualifying score in the equivalent non-standard class at the Masters level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the **Advanced Agility Dog®** title.

The Masters Standard classes shall be for dogs that have earned the **Advanced Agility Dog®** title or the Advanced Standard title. Masters non-standard classes shall be for dogs that have earned the **Advanced Agility Dog®** title, the equivalent non-standard title at the Advanced level or that had previously qualified for entry in the equivalent Masters non-standard class prior to January 1, 2004.

Performance Program Classes

Generally, Performance Level I, Level II, and Level III are run on courses used for Starters, Advanced and Masters classes in the Championship Program, with the following exceptions: the A-frame is set at 5'6", jump heights are one height class lower as set forth in Notes to Competitors, no spread hurdles are utilized and time standards in the standard and jumpers classes are extended by 3 seconds beyond that utilized in the Championship Program and the pairs relay class is non-qualifying. Eligibility for entry is determined as follows:

The Performance I Standard class shall be for any dog that has not earned the **Performance Dog ISM** title, the Performance Standard I title or a qualifying score in the Performance II or Performance III standard classes. Performance I non-standard classes shall be for any dog that has not earned a title in the class being entered (Performance I Gamblers, Performance I Jumpers, or Performance I Snooker) or a qualifying score in the equivalent non-standard class at the Performance II or Performance III level. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the **Performance Dog ISM** title.

The Performance II Standard classes shall be for any dog that has earned the **Performance Dog ISM** title, the **Agility Dog®**, the **Veteran Agility DogSM** title, but has not earned the **Performance Dog IISM** title or Performance Standard II title, or a qualifying score in the Performance III Standard class. Performance II non-standard classes shall be for dogs having earned the **Performance Dog ISM** title, the **Agility Dog®**, or a title in the equivalent Starters or Performance I non-standard class, but not having earned a title in the equivalent non-standard Performance II class or a qualifying score in the equivalent non-standard Performance III class. Three qualifying scores in the standard class from two different judges along with one qualifying score in each of the nonstandard classes is required to earn the **Performance Dog IISM** title.

The Performance III Standard classes shall be for any dog that has earned the **Performance Dog IISM** title, the **Advanced Agility Dog®** title, the **Veteran Advanced Agility Dog®** title. Performance III non-standard classes shall be for dogs having earned the **Performance Dog IISM** title, the **Advanced Agility Dog®** title, the equivalent non-standard title at the Advanced or Performance II level, or that had previously qualified for entry into the equivalent Performance non-standard class prior to January 1, 2004.

Non-standard Class Descriptions.

These non-standard classes are scored pursuant to the provisions of Chapters 6 and 7 of USDAA Rules and Regulations.

Gamblers Class: This class consists of a course with no pre-determined route and each obstacle is assigned a point value. In the "opening period" the handler seeks to accumulate points by performing obstacles of his/her choice in the time allotted. At the conclusion of the "opening," the handler attempts the "gamble," a sequence designed by the judge to be handled from a distance, for additional points.

Jumpers Class: This class consists of a course of jumps and may include a tire and tunnels.

Snooker Class: This class has an "opening" sequence of point collection similar to the Gamblers followed by a closing sequence of a set pattern. It roughly parallels the billiards game of "snooker," requiring the dog to successfully complete a "red" jump prior to attempting an obstacle designated as any other color.

Pairs Relay: This class consists of a standard course with one dog and handler running a portion of the course, followed by a baton exchange to a second handler and dog who run the second portion of the course. Partners must be in the same level and in the same height division, mini (Ch 12/16, Perf 8/12) or open (Ch 22/26, Perf 16/22). In the event only one dog is entered in a program/level, un-entered dogs or dogs from another program/level may NOT be recruited to form a qualifying pair. As of 1/1/09 relay will be required for Performance Versatility titles.

2009 Grand Prix of Dog Agility® World Championships & Performance National StandardSM - Local Qualifiers

These tournaments are open to all competitors regardless of titles earned or skill level. Both are a single-round tournament featuring the sport in its basic form. The course includes obstacles as set forth in Chapter 3 of USDAA Rules and Regulations for standard agility, except that no table obstacle shall be used. Standard scoring shall be applied.

Competitors must have a ZERO fault round to earn a qualifying score for which qualifying ribbons are presented. One qualifying score is required for entry in Round 1 of a Regional Championships. Additionally, the first place competitor in each height class who has earned a qualifying score shall be eligible to enter the final round of a Type 1 Regional Championship without regard to their score in the first round. Such eligibility shall be documented through a "bye" voucher. A competitor may earn more than one voucher, and the voucher is non-transferable, can be used only once and must be submitted with the competitor's entry form for a Type 1 Regional Championship. See complete rules and regulations for Regional Championships, which are hereby incorporated by reference.

SPECIAL NOTES: When a local qualifier is held in conjunction with an agility test where all levels of titling are NOT being offered, 'bye' vouchers will not be awarded. (e.g. Starters/Advanced only, Advanced/Masters only, Masters only – **Tournament Only shows do not fall into this category**) Competitors with a qualifying score placing first in a jump height shall be named Regional Champion and earn a bye into the World Championship semifinals. Additionally, competitors at a Regional Championship with a qualifying score in Round 2 in the top 50% in each height class shall earn a bye into the semifinals at the Cynosport World Games. If at a regional championship a bye is earned by a competitor/dog team who has already earned a bye in that jump height, the bye is forfeited.

The rules may be found on the USDAA web site—General Information—Forms and Documents Library, or may be requested in writing by US mail from the USDAA office. A competitor must have two qualifications from local qualifiers, one of which may be from the first round of a Regional Championship, in order to qualify for entry to the world championship quarterfinals; however, where a competitor may choose to compete in both Grand Prix and Performance National Standard qualifiers during the current tournament season, the competitor is only eligible to compete in the championships of the tournament in which they have earned the most qualifications. Further, 2009 tournament rules stipulate that a competitor must compete all in Championship or all in Performance tournaments at Regional and National/World Championship events.

Awards: Rosettes will be awarded to 1st thru 4th place in each jump height.

2009 DOG AGILITY STEEPLECHASE® LOCAL QUALIFIER

Description: The "Steeplechase" is a two-round tournament with emphasis on speed. Each round will be conducted on a jumpers-style course that shall include at least two spread hurdles, a long jump and an A-frame and weave poles. Either the A-Frame or weave poles shall be required to be performed twice. Top competitors as set forth below (see qualification and advancement) shall advance to Round 2 to compete for prize money and Tournament Top Ten points. Qualifiers as defined herein earn the right to enter either the quarterfinals or semifinals at the Dog Agility Steeplechase® championships to be held in autumn of 2009. This tournament is open to all competitors not entered in Performance Speed JumpingSM qualifier at this event regardless of titles earned.

Scoring: The tournament shall be conducted pursuant to USDAA Championship Program Starters level rules, except that scoring in each round shall be on a time plus faults basis, with a five-point penalty added to a competitor's performance time for each occurrence of a fallen hurdle or missed contact; running the wrong course shall be scored as an elimination as defined under Masters rules. For purposes of qualification calculations, a competitive performance resulting in "elimination" as a result of performance error in the normal pursuit of a round* shall be included in the count of competitors "actually competing" in the qualifying score computations.

**The judge shall mark a score of "Withdrawn" rather than "Elimination" where a competitor is disciplined in accordance with Appendix C of the regulations because of an incident in the ring resulting in elimination, including but not limited to a courtesy warning by the judge, when such action is instituted. Withdrawals and absentees shall not be included in the number of competitors "actually competing".*

Qualification & Advancement

Local Qualifiers: Qualification shall be determined based upon the Round 1 scores of the top three dogs in each jump height provided there are at least 5 scores each in the 12" and 16" height classes or 7 scores each in the 22" and 26" height classes. The top three scores shall be averaged and multiplied by a factor of 1.25 to determine the maximum qualifying score for each jump height. Only competitors with scores equal to or less than the maximum qualifying score in round 1 qualify.

In the event that fewer than five competitors actually compete in the 12" or 16" height classes, or seven competitors in the 22" or 26" height classes, the top three scores must be determined from the combined height division for small dogs (12" and 16") OR large dogs (22" and 26") to determine the maximum qualifying score for all dogs competing in that division in the manner described above.

If there are fewer than five competitors actually competing in the small dog division or seven in the large dog division, the top score from the division shall be used to calculate the maximum qualifying score. In this case, the top score shall be multiplied by a factor of 1.25 to determine the maximum qualifying score.

Qualifiers and placement winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for Top Ten points and prize money, provided they have finished the round with a score. Non-qualifying competitors running in Round 2 shall not be credited with a qualifying score regardless of their final standing and at the Regional level are not eligible to earn a bye based upon their score in Round 2. A finalist slot vacated by a competitor who has earned the right to compete in the final round shall be forfeited and no substitutions are allowed.

Regional Championships: The same process used for determining qualifying scores in Round 1 at the local qualifier will be applied in Round 1 at a Regional. To determine the maximum qualifying score in Round 2 at a Regional, the same method is applied, but the multiplier of 1.15 will be utilized. Any competitor in Round 2 with a score less than or equal to the maximum qualifying score as calculated in this manner will earn a 'bye' into the Steeplechase semifinals championships. Non-qualifying competitors are not eligible to run in Round 2 to satisfy numerical minimums. Any 'bye' that is earned may only be used by the handler/dog team who earned it and may not be transferred to another dog and/or handler.

Eligibility for Entry:

Regional Championships: A competitor must have one qualification at a local qualifier to be eligible to enter Round 1 of a Regional Championships.

World Championship Quarterfinals: Two qualifications, one of which may be from the first round of a Regional Championship will be required for entry.

World Championship Semifinals: Advancement from the quarterfinals by earning the equivalent of a qualifying score or by direct entry into the semifinal by having earned a 'bye' at a Regional Championship.

In regional and world championship events, where a competitor has qualifying scores in both Championship Program tournaments and Performance Program tournaments, a competitor must enter all Championship Program tournaments unless the total number of qualifications earned in all Performance Program tournaments is greater.

Awards:

Local Qualifiers: Prize money shall be computed based upon 20% to 40% (at club's discretion) of the total entry fees to be allocated in accordance with the payout table below regardless of the size of entry in any height class.

Qualifiers as defined herein earn the right to enter either the semifinals at the Performance Speed JumpingSM championships to be held in autumn of 2009. This tournament is open to all competitors not entered in the Steeplechase qualifier at the same event regardless of titles earned.

In this case, the top score shall be multiplied by a factor of 1.25 to determine the maximum qualifying score.

Qualifiers and placement winners (minimum of four, there is no maximum) in the height class are eligible to advance to Round 2 at a local qualifying event in order to compete for Top Ten points and prize money, provided they have finished the round with a score.
